WORK EXPERIENCE

Excel Data Analyst

Cox Communications

📅 June 2025 - current 📍 Atlanta, GA

- Integrated Microsoft Power BI dashboards with live data feeds, boosting real-time data accessibility for 210+ users across multiple departments.
- Oversaw inventory levels through VBA (Visual Basic for Applications), cutting down surplus inventory costs by \$3,852.
- Implemented time series forecasting using IBM SPSS for network usage data, resulting in a **17% decrease in peak time congestion issues**.

Junior Data Analyst

SunTrust Bank (now Truist)

📅 September 2023 - May 2025 📍 Atlanta, GA

- Analyzed transaction data using Microsoft SQL Server to identify fraud patterns, contributing to a 29% downtick in fraudulent activities.
- Designed MicroStrategy reports for customer feedback analysis, discovering service improvement areas that **grew Net Promoter Score (NPS) by 8 points**.
- Designed Alteryx workflows to standardize deposit and loan data, shortening monthly reporting cycles by 2.8 days.

Data Analyst Intern

Intercontinental Exchange (ICE)

📅 May 2023 - August 2023 📍 Atlanta, GA

- Organized and prioritized tasks with GitHub Projects, enhancing team workflow and project completion rates by 34%.
- Configured MicroStrategy views that consolidated 43,218 reference and transaction records into stakeholder-friendly dashboards.
- Conducted biweekly sales and inventory analyses for marketing and finance teams, ensuring deliverables were organized and **submitted on schedule**.
