

Ingrid Nielsen

Junior Data Scientist

Boise, ID • +1 208-555-1212 • ingrid.nielsen@email.com

Summary

Detail-oriented and analytical Junior Data Scientist with a passion for leveraging data to drive informed business decisions. Eager to apply academic knowledge and practical experience in machine learning and statistical modeling to contribute to a data-driven organization.

Work Experience

Data Analyst

TechForward Solutions, San Francisco

June 2022 – Present

Developed and maintained data pipelines using Python and pandas. Conducted exploratory data analysis to identify trends and insights. Assisted in building predictive models to improve customer retention.

Data Science Intern

InnovateAI, San Jose

Jan 2022 – May 2022

Assisted in developing machine learning models using scikit-learn. Conducted data cleaning and preprocessing. Supported the data science team in various projects.

Research Assistant

Stanford University, Stanford

Sep 2020 – Dec 2021

Assisted in research projects related to machine learning and data mining. Conducted literature reviews and data analysis. Supported the preparation of research papers and presentations.

Education

Master of Science in Data Science

Stanford University

2020 – 2022

GPA: 3.9/4.0

Skills

Python • pandas • scikit-learn • SQL • Tableau • Statistical Modeling • Machine Learning

Projects

Customer Churn Prediction

GitHub Repository

2021

Developed a machine learning model to predict customer churn using Python and scikit-learn. Improved customer retention by 15%.
