ACADEMIC PROJECTS

AI Resume Analyzer — Python, FastAPI, React, SQLite

Developed an end-to-end resume analysis tool with skill gap detection.

EXPERIENCE

Junior Cyber Security Analyst
SecureNet Solutions

2024 - Present

- * Led a project to implement new SIEM protocols, resulting in a 30% improvement in threat detection accuracy.
- * Conducted bi-weekly network traffic analysis, identifying potential threats early and reducing incident response time by 20%.
- * Collaborated with cross-functional teams to execute vulnerability assessments, improving overall network security posture.
- * Assisted in configuring firewalls and security tools, enhancing protection against unauthorized access.
- * Provided training to junior team members on security protocols, improving team efficiency in handling cyber incidents.

Cyber Security Intern

CyberSafe Networks

& 06/2023 - 12/2023 9 Seattle, WA

- * Monitored security alerts closely and collaborated with senior analysts to swiftly address emerging threats.

- + Developed standard operating procedures for incident response, which improved response time by 15%.

- « Participated in daily team meetings to discuss cybersecurity trends and recommended updates to security protocols.

- « Assisted in managing a threat intelligence database, ensuring that all threat data was current and easily accessible.

IT Support Analyst

TechAssist Corp

& 07/2022 - 06/2023 9 Seattle, WA

- « Responded to technical support queries efficiently, resolving 80% of cases on the first call.

- * Documented and shared common technical issues with team members, thereby increasing the technical team's overall effectiveness.

- + Assisted in maintaining the security of internal systems through regular updates and audits, preventing potential vulnerabilities.

- * Played an integral role in network troubleshooting and system repairs, minimizing downtime for end users.

Volunteer Cybersecurity Advisor

Internet Safety Initiative

& 01/2025 - Present

Helped small businesses implement basic cybersecurity measures to protect against common threats.

- « Conducted workshops on cybersecurity awareness, improving participant knowledge by 40%.

- « Created easy-to-follow guidance materials on securing digital assets for non-tech savvy users.
