VOLUNTEERING

Austin Technology Council Program Coordinator Volunteer 01/2024 - 01/2025

Led technology outreach initiatives to support local tech start-ups and foster community engagement.

- Organized quarterly tech workshops that assisted over 200 local start-ups in understanding emerging technologies.
- Enhanced community engagement by developing partnerships with local universities and businesses.

STRENGTHS

- Analytical Thinking**
Optimized data-driven decision-making, improving project efficiency and reducing timelines by applying analytical skills in every role.
- Effective Communication**
Facilitated clear communication channels across project teams, enhancing collaborative efforts and ensuring return on time.
- Resource Management**
Managed resources effectively in university-led projects, achieving under-budget results without compromising project quality.

INTERESTS

Digital Innovation

Deeply interested in exploring technological advancements and their implementation in business to drive efficiency.

Community Service

Committed to giving back by volunteering in initiatives focused on education and technology accessibility.

JACK ALLEN
